Description: Do you want to instill in your child a desire to give to others? This inspiring program will encourage your child to give, share, and care by teaching them the 3 aspects of learning to give-through time, talent, and/or treasure (money). Your child will learn about the needs in our own community, surrounding communities and some areas around the world. In this four day workshop, your child will have the opportunity to choose from a variety of kid-friendly service projects and, on the final day, deliver them to the site in need. Projects such as making dog biscuits and cat beds for the SPCA, no-sew fleece blankets for homeless children and giving plates filled with child made treats for someone they know in need.

Your child will experience the fulfillment of serving others!
